

MOUNTAIN ADVOCATE.

Entered as Second-Class Matter Friday, February 19th, 1904 at the Postoffice at Harboursville, Knox County, Ky., under Act of Congress of March 3rd, 1879.
MOTTO—LIVE FOR OUR FRIENDS—DO THE GREATEST AMOUNT OF GOOD WE CAN TO THE LARGEST NUMBER OF PEOPLE.

Terms: \$1. Per Year in Advance.

BARBOURVILLE, KENTUCKY, FRIDAY, NOVEMBER 3, 1905.

Second Year, Vol. 2, No. 38.

Death of Mrs. J. R. Jones.

On last Wednesday evening Oct. 25 just as the shades of night was closing in on mother earth the angel of death entered the home of J. R. Jones and plucked from the family circle the dear wife and mother and waited her spirit away to mansions in the skies.

For long, weary months the loved ones had watched the fatal disease as it prayed upon the delicate form of this christian woman and as the days passed by the pangs seemed to be fastened more deeply and it was finally apparent to all that it was not long until it would claim the life of its victim as its reward.

Mrs. Jones was well aware of her condition, and after she had made peace with God, made every arrangement for her own funeral. She disposed of all her jewelry and personal effects and gave detailed instructions as to her funeral and burial.

During her last hours she spoke often of heaven, and on more than one occasion when she would rally from a sinking spell in which the family and friends thought she was dying, she would tell those about her that she had been to heaven, and the smiles would play upon her face as she would try to describe the beauties she had seen there.

She talked almost constantly during her last hours of her babe that died last August, and said she saw it in heaven, and said she could see its spirit hovering about her, and would extend her thin arms to receive it, and told her family that they could not see it but she could, that the angels were hovering about her.

Mary Logan Jones was born October 24, 1871, and died October 25, 1905, aged 34 years and 1 day.

She was united in marriage to Joseph R. Jones on October 24, 1889, on the anniversary of her eighteenth birthday. Of this union there were six children born, five of whom with the bereaved husband, survive her.

She was a kind, lovable Christian woman, and was loved by all who knew her. She was a member of the Methodist church, and the funeral was conducted from that church Friday morning by her pastor, Rev. T. B. Stratton, in the presence of a large gathering of relatives and friends, who met to pay their last respects to the memory of the Christian lady, after which the remains were laid beside those of her babe in the Harboursville cemetery to await the coming of the Lord.

We extend to Mr. Jones and his heartbroken children our heartfelt sympathy in this hour of sad bereavement, but we

will say as she would say could she but speak again to them, "Weep not for her, she is richer to-day and roaming the gold paved streets of the New Jerusalem," but look up to Jesus who is willing to bear all our burdens and place all our cares on him and trust in his word and love; he is able to help us more than we can ever think.

While we can not have her with us here we may so live that we can again live with her in that better world where parting will be no more, where sorrow and suffering never comes. No night for the presence of the Lord will make perpetual sunshine.

Her pleasant voice whose joyous tones made glad this scene of sin and strife, sings now in everlasting song Amid the trees of Life.

But God knoweth best, We know He watches the sparrows that fall; Hears the cry of the bereaved hearts that call. Friends, husband, children, He loves them all—We can trust for the rest.

No Night Here.

London has probably the only electric light plant in the mountains that does not require you to keep your lamps trimmed and burning for emergencies.—Laurel County Local.

We all think we want to call you a fibber about this but we can't do it until you all let us in on a little question. Lamp? Lamp? A "trimmed and burning lamp?" Say, John, what in thunder is a "lamp," anyway?—Middleboro News.

Light up your tallow candle, Bro. Albrecht, and read the Twenty-fifth Chapter of Matthew, and if that don't enlighten you drop down to Harboursville and spend a night.—Laurel Co. Local.

"Spend the night in Harboursville." Why, bless your life Bro. Pearl, we have no night here now since Mr. Hale has had charge of our electric light plant during the last several months; the noonday sun never sets in Harboursville. Before old Sol has hid his smiling face behind the towering western hills, the electric illuminator on the point has started and the bright rays from the electric motor are cast into every nook and corner until we hardly realize that the sun has for the time disappeared from view. Just come over to Harboursville and we can give you plenty of light on the subject.

Notice of Dissolution.

The public is hereby notified that the partnership business heretofore done by Jones & Hale, under the name of the Harboursville Blue Gem Coal Company, is now dissolved, and that S. H. Hale is no longer connected with said business in any way.

NATURAL GAS

Proposition Suggested Last Week May be Taken up and Tested at an Early Date.

A Market is Open Here for a Large Supply and The Project Will Pay If The Gas Holds Out.

In speaking to some of our citizens this week relative to the piping of the gas from the Mayhew well to town, they tell us that there is a probability of this matter being taken up at once and carried into effect, and also in a conversation with Mr. McDermott the manager of the brick yard he said that he would be glad to give the gas a test and will arrange next year to burn his brick kilns with gas provided it can be furnished to him and will pay as much for it piped to the yard as he pays for coal and wood fuel, surely this would be a splendid test of the capacity of this well and if it proves lasting when more wells could be put down and the business operated on a large scale.

With the brick plant operating during the summer months and the hundreds of homes that need fuel during the winter months this gas if it holds out could and would be one of the greatest and richest paying industries that could be established in this section.

Surely the business men of this city and community will not allow such an opportunity to pass by without an effort when for so small an amount of money the well can be thoroughly tested.

We hope by another year to see the gas industry utilized here on an extensive scale and every housewife instead of roasting over the hot cook stove next summer may enjoy a gas stove and be burning natural gas that will be both cool and comfortable to her. It will make home more pleasant and reduce the burden and endurance of the heat from the hot cook stove.

Lets have our gas well piped into town and give it a test anyway.

Our Next Lecture.

On Monday night, November 6th, Mr. Frank S. Regan will appear at Union College Chapel. Mr. Regan is a cartoonist, and the entertainment will be one of much mirth and pleasure to those who attend.

Secure your seats now as they are rapidly being taken and we hope to have a full house out to meet him.

The Largest Grapevine.

There is in Santa Barbara county, Cal., a vine that was planted by a Spanish lady in 1842. Over 800 persons can find shade under it, as it covers about one-half acre. Its trunk measures 7 ft. 8 in. in circumference. In 1895 it bore ten tons of grapes.

Senator Depew a few months ago asserted in one of his addresses, that in less than a decade the steam locomotive would be giving way to the electric locomotive. Last week the N. H. & H. R. R. Co. placed an order for twenty-five electric locomotives. Each is to weigh 78 tons, and is to be equipped with four motors of 400 horse-power. That is 900 horse-power more than the best steam locomotives. The express service with these will reach 60 to 70 miles per hour with a train weighing 250 tons.

James S. Miller, Clerk.

Gordon P. Bain, Adm. for Martha J. Bain and others, Defts.

It is ordered that all persons having claims against the estate of Martha J. Bain, deceased, appear before W. F. Westerfield, Master Commissioner of the above Court, in the Circuit Court Clerk's office, in Harboursville, Kentucky, on or before November 20, 1905, and prove their claim. That this order be published in the Mountain Advocate in three consecutive weekly issues of said paper before said date, which newspaper is published weekly in Knox county.

J. R. JONES, Clerk Knox County Circuit Court.

Nov. 3-3t

ORDER A VOTE

On Issuance of County Bonds for building New Court House.

It appearing to the satisfaction of this court that it is necessary for the public convenience and the preservation of the public records of Knox county, that a new Court-house should be built for Knox county and for the purpose of enabling this court to build a new Court-house and to provide for the building thereof, the sum of \$30,000 is hereby suggested and appropriated, and for the purpose of procuring said sum it is further ordered that said bonds to the amount of \$30,000 be issued and sold and the proceeds thereof arising from the sale of said bonds be applied in building said new Court-house, and to that end it is now ordered by this court that County Bonds of Knox county be prepared, executed and issued on printed forms under the seal of the County Court, which bonds shall be signed by the presiding Judge of the County Court, and countersigned by the County Clerk of this county, payable to bearer, at the Court-house, in the City of Harboursville, Knox county, Kentucky. Said bonds to be payable twenty years after the date thereof, subject to the provision that they may, at the option of Knox county, be paid or redeemed at any time after two years from the date thereof, and before the expiration of said twenty years; and said bonds shall bear interest from date at the rate of six per cent. per annum, to be paid annually. Interest coupons shall be attached to each bond, which shall be signed by the County Court Clerk. Said clerk shall keep a list of all said bonds, showing the number, date, amount, time due, to whom delivered, and when delivered, which shall be carefully preserved in his office. Said bonds shall be issued in denominations of \$1,000 each.

But the bonds mentioned herein shall not issue until after an election shall have been held in Knox county to take the sense of the legal voters of Knox county upon the question, whether or not said bonds shall be issued for the purpose of building said new Court-house, and an election is hereby ordered to be held on the day of the next general election, Tuesday, November 7, 1905, for the purpose of taking the sense of the legal voters of Knox county upon the question whether or not they are in favor of the issue of COUNTY BONDS in the sum of THIRTY THOUSAND DOLLARS for the purpose of building a new Court-house for Knox county, and for that purpose it is hereby directed that a poll be opened at said election on said day at the several voting precincts in Knox county. It shall be the duty of the officers of said election in each precinct to hold said election the same hours they are required to hold elections for the county officers, and said election shall be held and conducted in all respects under the general election laws of this Commonwealth.

W. W. Byrley, sheriff of Knox county, is hereby ordered and directed to advertise said election and the object thereof for at least thirty days next before the day thereof in the newspaper published in Knox county having the largest circulation therein, and if none be published in the county, then by printed handbills posted up at three of the most public places in each voting precinct and at the Court-house at the county seat.

CORRESPONDENCE.

Scalf.

The services of Bro. Jarvis Jackson were held last Sunday and were conducted by Bros. T. G. Hammons and M. L. Broughton.

Bros. Thomas G. Hammons and Watson Jordan held a week's meeting at Mills the past week and Bro. Hammons reports good meetings and many warm friends in the election.

John H. Mills, of Mills, has built a fine residence, and W. A. Hubbard is treating it to a new coat of paint.

The local manager of the telephone company has promised Thomas G. Hammons to come up and investigate the line running from his place to Mills. This would be a branch line running up from the main one three and half miles.

M. H. Hubbard.

Crane's Nest.

J. T. Botner and wife are visiting their son, Charley, at North Jellico this week.

H. F. Black has a number of carpenters at work on his new building this week.

J. L. Vaughn, our large pork salad dealer, is going in the earth after pork root for ginseng. You all heard of Jack's doings last spring.

S. A. Black is doing a good business hauling saw logs.

Fred Botner was out yesterday on a rabbit hunt.

Henry Chick has gone to saw at Tom Jones' mill.

A. Chestnut is now printing his house with Hammar paint.

J. H. Black is still manufacturing hardwood lumber.

Mills, Ky.

The campaign is well on, and our district is getting warmed up.

Messrs. Hammons and Messer are putting up a hard fight, and the magistrate's race will be a close one. They are both Republicans and are the nominees of the party; but it is pleasing to note that the people are for the man and not for the party, and when it is all over we will have for magistrate the man whom the people think most competent, regardless of political creeds.

The trustees, teacher and patrons of Taylor's creek school spent Saturday fencing the school grounds. With the recently leveled yard and the newly set trees, the place presents altogether a picturesque appearance. One would hardly recognize it as the same place the teacher went to in the big image.

Mrs. Mollie Warr has been very sick, but she is now better.

Isaac Sizemore's little boy is very ill and there is little hope of his recovery.

The Misses Grubb, of Pineville, are visiting their sister at this place.

George Lane spent Saturday and Sunday at home.

Everything is moving nicely in our little burg now, and our only pressing need is a telephone. It does look like we should be granted a small request on such urgent terms as our citizens are making. Boom the telephone!

PATTER,

Hopper.

Mrs. Sarah Garrison is visiting Mrs. Emily Lee.

Daniel Lee and Andy Adams went hunting a few nights ago and caught a fine 'possum after digging hard for several hours.

Mrs. Sarah Teague and daughter, Miss Esther, are visiting Mrs. Nannie McNamara.

J. W. McNamara has discovered a fine vein of coal on his farm that measures four feet.

A. B. Hopper went hunting last Tuesday evening and killed a nice beef for Wm. Stewart, which proved a nice treat for our little village, for beef is as scarce as hen's teeth up here.

David Williams sold his farm for \$2,750, which was a small tract of land. Real estate is changing hands here very fast.

In looking over the Advocate we notice the proposed extensions of railroads through our county which will open among the finest coal fields in our county. If we only could have a railroad from Jellico to Bentzville then we could proudly say that we have got the finest coal field thrown open to the market of the world that is in this grand old Commonwealth. Not only this but this road would pass through one of the finest oil belts anywhere. There are many wells that have been drilled to the oil bearing sand a depth of 600 feet, and to-day the oil stands at the top. This is not all, we have the finest stone for building, and an immense boundary of fine timber, and the soil is rich enough for farming. All we need is more enterprising people and more capital to have the richest county in the State. She is blessed with an abundance of fine water and a healthy climate. We people, all along this line, are standing with outstretched arms ready to welcome capitalists in our midst, and willing to do all that is within our power.

DRAGGING

down pains are a symptom of the most serious trouble which can attack a woman, viz: falling of the womb. With this, generally, come irregular, painful, scanty or profuse periods, wasteful, weakening drains, dreadful backache, headache, nervousness, dizziness, irritability, tired feeling, inability to walk, loss of appetite, color and beauty. The cure is

WINE OF CARDUI

THE FEMALE REGULATOR,

that marvelous, curative extract, or natural wine, of herbs, which exerts such a wonderful, strengthening influence on all female organs. Cardui relieves pain, regulates the menses, stops drains and stimulates the womb muscles to pull the womb up into place.

It is a sure and permanent cure for all female complaints.

WRITE US A LETTER

Put aside all timidity and write us freely and frankly, in strictest confidence, telling us all your symptoms and troubles. We will send free advice (in plain, sealed envelope), how to cure them. Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

"I SUFFERED AWFUL PAIN in my womb and ovaries," writes Mrs. Hannah Bear, of Webster Grove, Mo. "also in my right and left sides, and my menses were very painful and irregular. Since taking Cardui, I feel like a new woman, and do not suffer as I did. It is the best medicine I ever had in my house."
